Kolkata, July 27, 2009: Subhash Projects And Marketing Ltd (SPML) one of India's leading infrastructure development companies has won cumulative orders worth Rs 151.79 crores. These include Rs 108.02 crore worth mandate for rural electrification in Supaul district of Bihar from Bihar State Electricity Board, Patna; and a Rs 43.77 crore project for clear water supply to the New Town Kolkata Water Supply circle from Public Health Engineering Directorate, Government of West Bengal.

The Bihar State Electricity Board, Patna order has been awarded on a turnkey basis under Rajiv Gandhi Grameen Vidyutikaran Yojana (RGGVY-in XIth Plan). The mandate aims to create rural electricity infrastructure and household electrification in Supaul District of Bihar which ensure supply of electricity; crucial for the development of the region. The scope of work involves supply of materials and equipments for creation, civil works, testing and commissioning of all the equipments supplied under the supply contract and all other services as specified

The clear water supply project from **PHED, Govt. of West Bengal** aims to provide uninterrupted supply of clear water to the entire area, thereby bringing relief to the local populace. The scope of work includes - Surveying entire route of Clear Water Rising Main, filling up of ditches, laying of 1200 ± 6 mm dia. (internal diameter) Clear Water Rising Main from Water Treatment Plant to Booster Stations and Action Areas with the supply of pipes and special valves. It also includes construction of three Steel Bridges, crossing of Major Arterial Road by trench less technology including all other allied works completed in all respect. This will be followed by 3 months trial run and subsequent 3 (three) years operation & maintenance under New Town Kolkata Project.

Mr. Subhash Sethi, Vice Chairman, SPML, commented, "These project wins in rural electrification and clean water supply domain are critical to the provisioning of basic civic amenities to our communities, an integral component to India's growth story and consolidation of our efforts towards making human life comfortable through world class infrastructure ."
