

Chairman's Message

"SPML is focused on enhancing the consumer experience, by simplifying the Utility payment and related transactions. SPML through its Any Time Payment solutions will create a service oriented environment between the Utility and its consumers. As a pioneer in the ATP technology revolution in India, we have aggressive national plans which include a target installation of 1000 ATP machines across India by 2012."

Anil Sethi
Chairman, SPML

C S E C - MYSORE: SURGING AHEAD

Chamundeshwari Electricity Supply Corporation Limited (CSEC) is a company incorporated under the company act 1956 and is a successor entity to Karnataka Power Transmission Corporation Limited (KPTCL) and Mangalore Electricity Supply Company (MESCOM) in respect of distribution and retail supply of Electric power for five districts.

CSEC has the responsibility of distribution of power for the following five districts of Karnataka.

Mysore, Chamarajanagar, Mandya, Kodagu and Hassan. Mandya, located in the southern part of the state of Karnataka, came into existence in 1939.

Some of the tourist attractions of this district are

- Srirangapatna
- Sriranganatha Temple
- Daria Daulat Bagh
- Kokkrellur

To provide better and enhanced services to consumers in all respect CSEC installed 5 SPML Any Time Payment (ATP) systems in Mysore & Mandya.

Inauguration of ATP system at CSEC - Mandya, Karnataka.

Inauguration of ATP System at MGVC L - Tarsali, Gujarat

MGVCL - Madhya Gujarat Vij Company Limited is an ISO 9001:2000 certified leading power distribution company in Gujarat, which distributes electricity in the central area of Gujarat.

To offer best services to valuable customers, they have already taken initiatives in adopting new technology for collection of revenue from consumers through tie-up with SPML Technologies.

Shri S M Godkhindi, S.E. (O&M), Baroda City Circle, MGVC L; Inaugurated the ATP System at MGVC L - Tarsali, Gujarat on 21.02.2009

SPML Technologies completes first roll out of Any Time Payment services in Gujarat

- After Karnataka and Chattisgarh, SPML rolls out ATP system in Gujarat; empowering electricity consumers with e-payment options
- The first phase of roll out in Gujarat was completed with the installation of 43 ATP machines through a tie-up with all the 4 states distribution agencies
- In Gujarat the allocation of ATP's include 7 kiosks for Dakshin Gujarat Vij Company Limited (DGVCL), 19 for Madhya Gujarat Vij Company Limited (MGVCL), 10 for Paschim Gujarat Vij Company Limited (PGVCL) and 7 for Uttar Gujarat Vij Company Limited (UGVCL).
- Plans to expand service network to 1000 ATP machines by 2012 providing ePayment support to state electricity boards, telecom, transport and water service providers.
- SPML Technologies' consumer base is growing with addition of 1 lakh users month-on-month, current base is 16.4 lakh consumers.

SPML Technologies Introduces Document Management System (DMS)

SPML Technologies offers an unique Business Activity Outsourcing Model: Offering Scanning & Indexing services including software to assist enterprises. SPML Technologies - DMS implementation ensures skilled resources, enhanced quality of work and cost effective solutions.

Document Management System (DMS) is a need of every organization and it improves the productivity within the organization, enabling their personnel to concentrate on core business rather than document management.

SPML Tech - DMS is a complete document management solution that gives organizations the benefit to create centralized repositories or libraries where they can store all their information. It enables users to store, find, track and route information so that information is easily available for use and collaboration across entire enterprise.

DMS involves the process of capture, storage, retrieval and management of electronic images of documents. The main method of capturing images is by scanning of paper documents.

SPML Technologies takes care of all the components involved in DMS:

Hardware: Choice of Scanners, Monitors, Storage

Capture/Scanning: DPI, File Format, Organization of Documents, Process, Scanner Driver

Software: Indexing, Retrieval, Workflow, Security, User Management

Other related elements:

- Document Movement
- Access Control
- A Separate Capture Repository
- Approach to Image Quality

Juggling with PAPERS ?

Switch to "Paperless Office"

- Manage, Share, Revise & Approve Documents
- Control Document Access
- Track Versions
- Regulate Document Life-Cycle
- Search, Retrieve & View Documents
- Two-Tier Security

You need it, You want it, then why not get it ?
