**Did you know?**

**DMS**  
Document Management System

Brief: Process of managing documents may involve an integrated system, which entails creation, review, sharing, storage, electronic tracking and retrieval, distribution, analysis, communication, administration and other forms of information

**ADVANTAGES:**

- Saves storage space.
- Manages records easily.
- Finds documents quickly.
- Prevents losing records
- Makes images centrally available.
- Eliminates the need for file cabinets.
- Unmatched security and controlled access to the documents
- File tracking for determining current status and active monitoring
- Access and Use for immediate business requirements, resulting in faster decision - making
- Allows you to e-mail or fax files with the click of a mouse
- Enables you to manage millions of records and retrieve the one you need in seconds.
- Lets you share documents with colleagues while protecting confidential information.
- Provides an easy way to share documents with other offices or avoid taking them on the road.
- Savings on courier/dispatch costs across locations

**SPML TECH now at Rajkot, Gujarat**

**Rajkot:** The commercial and industrial hub of Saurashtra. Rajkot was once the capital of the princely state of Saurashtra. Rajkot is famous for its jewellery market, handicrafts and bandhani. Mahatma Gandhi spent the early years of his life in Rajkot. He did his schooling from Alfred High School, now known as Mohandas Karamchand Gandhi High School.

**PGVCL:** Paschim Gujarat Vij Company Limited provides electricity to 8 districts of Gujarat namely Rajkot, Jamnagar, Junagadh, Porbandar, Bhuj, Bhavnagar, Surendranagar and Amreli covering total 83 Talukas. Total area covered by PGVCL is approx 99,771 sq.km. and a population of approx 15 million.

To provide better and enhanced services to consumers in all respect, PGVCL installed SPML ATP systems in Rajkot.

With this new initiative, SPML Technologies has successfully covered the entire state of Gujarat with its ATP services.

**Inauguration of ATP System at PGVCL - Rajkot, Gujarat**

Shri P H Rana, Director, PGVCL; inaugurated the ATP System at PGVCL - Rajkot, Gujarat

**Inauguration of ATP System at IIM, Bangalore Telephone Exchange, Bangalore, Karnataka**

The growing success and positive response to the already installed ATP services at various BSNL ATP locations, has resulted in BSNL opting for more ATPs with every passing day, to facilitate their esteemed customer base.

Shri Gopal Das, Director (HRD & Finance) BSNL; inaugurated the ATP System at BSNL IIM Telephone Exchange Bangalore on 16th January, 2009

## SPML TECH R&D lab in Bangalore to facilitate the ATP services in more innovative ways

### R&D

Our Open View Research and Development (R&D) unit is responsible for consolidating SPML Technologies market-leading position in Kiosk Development, System Management, Service Level Management. The lab would develop modular solutions for end-to-end monitoring and management, along with Service software to enable comprehensive IT Solutions.

### CHALLENGES

Quality is an integral component at the lab in our development efforts. Our Open View R&D unit ensures it's development activities deliver results that are consistent across interface, functionality and quality parameters.

### STREAMLINE PRODUCT FEATURE DEFINITION

A process of streamlining product features has been defined so as to ensure that it meets the dynamic requirements of the marketplace. Therefore the R & D team has initiated a defined approach to managing the development and implementation process, so as to meet these varied needs.

The R & D team is dedicated in it's endeavour to work towards the common vision of developing software, solutions and assets that eventually benefit the end-users i.e., the consumers and the Utility providers.
