## SPML Infra Received CIA World Construction & Infra Awards 2019 as **Best Company in Water Management**

Kolkata, 27 February 2019

SPML Infra Limited received **CIA World Construction & Infra Award 2019** as **Best Company in Water Management** at an award ceremony organized by EPIC Media Group in Mumbai on 26<sup>th</sup> February 2019. The awards under different categories were given to the outstanding construction and infra companies for their innovative projects, new technology and for the businesses that demonstrate excellence in the built environment. The jury members comprising of eminent personalities of the industry have selected the winners from over hundreds of nominations.

SPML Infra has received this award for being India's leading water management company promoting access of drinking water services to all. With almost four decades of experience & pan India presence, it has executed 600 turnkey projects and created significant value for the country. Through several completed projects, it is providing drinking water facilities to over 40 million Indian population. SPML Infra is also the first Indian company continuously being featured into World's Top 40 Private Water Companies as per Global Water Intelligence, London.

**Mr. Abhinandan Sethi, Chief Operating Officer, SPML Infra Limited** commented, *"Our sincere thanks to the EPIC Media Group for appreciating our work in water sector in India. This award is a testimony of our 4 decades of development with a conviction to reform India's water infrastructure. During the period, we have contributed immensely to the water supply and wastewater treatment segment that has touched the lives of millions of people across the country, helping to improve quality of life with commitment and technological innovation."*
