SPML Infra Wins ₹1438 Crore Order to Transform Water Access in Rajasthan

Kolkata, India – September 8, 2025

SPML Infra Limited (NSE: SPMLINFRA, BSE: 500402), India's leading water infrastructure development company, has been awarded a prestigious ₹1,438 Crore inclusive of GST (USD 163 Million) project in JV with JWIL Infra Limited, (SPML leading with 51%) from Public Health Engineering Department (PHED), Bharatpur, Rajasthan. The project under the Jal Jeevan Mission (JJM) aims to significantly strengthen water supply infrastructure across the region. It involves executing comprehensive construction and operation works, including 10 years of operations & maintenance (O&M).

Project Scope

The Jal Jeevan Mission project is designed to significantly enhance the water supply infrastructure, ensuring safe and reliable drinking water for more than 1.5 million residents of Dholpur and Saipau block. The project scope covers the construction of an intake well, Raw Water Reservoirs (RWR) of 10 and 12 million cubic meters (MCM) on the Chambal River, laying of 712 kilometres of 100 mm to 2000 mm diameter pipelines, 21 Elevated Service Reservoirs (ESR) and establishment of main Raw Water Pumping Stations at both locations. It also includes a 135 MLD Water Treatment Plant at RWR-2, a 5 MLD Water Treatment Plant at Dholpur, cluster pumping stations, CDS, VDS, rising mains, and the provision of functional household tap connections (FHTCs) for Dholpur and Saipau, along with allied works. To ensure long-term efficiency, the project carries a comprehensive 10-year Operation & Maintenance (O&M) contract. The EPC portion is scheduled for completion in 20 months, followed by a one-year defect liability period before the O&M phase begins.

Mr. Abhinandan Sethi, Managing Director of SPML Infra Limited commented:

"We are honoured to partner with the Government of Rajasthan on this vital Jal Jeevan Mission project, which will provide safe drinking water to more than 1.5 million people in Dholpur. This order reflects the government's confidence in SPML Infra's ability to deliver critical water infrastructure with lasting impact."

"With its comprehensive scope and long-term O&M responsibility, this project goes beyond construction; it is about ensuring reliability, resilience, and healthier lives for the people we serve. As India moves towards 'Viksit Bharat 2047', we remain committed to creating water systems that transform communities today and continue to serve them for generations to come."

About SPML Infra Ltd.:

SPML Infra Limited (CIN: L40106WB1981PLC276372) is a distinguished infrastructure development company with over four decades of expertise across power, water, environment, and technology sectors.
