## **SPML Infra Receives ₹159 Crore Surety Bond and ₹22 Crore Arbitration Award**

Kolkata, India – January 8, 2026

**SPML Infra Limited (NSE: SPMLINFRA, BSE: 500402)**, India's leading infrastructure development company has received a Surety Bond limit of ₹159 Crore from one of the prestigious insurers registered with the Insurance Regulatory and Development Authority of India (IRDAI). This Surety Bond facility will strengthen the Company's ability to participate in large and competitive tenders by enabling it to furnish security in place of traditional bank guarantees. The arrangement is expected to improve financial flexibility, optimize working capital, and support the furnishing of security in lieu of bank guarantees for the award of contracts.

SPML Infra has also secured an arbitration award of ₹21.61 Crore from the Chennai Metropolitan Water Supply and Sewerage Board (CMWSSB). The award has been granted in accordance with the terms and conditions stipulated in the arbitration order and is subject to the terms and conditions as stipulated in the award.

**Mr. Abhinandan Sethi, Managing Director of SPML Infra Limited** commented:

*"This development marks an important milestone for SPML Infra. The Surety Bond facility significantly enhances our ability to participate in large and competitive infrastructure projects while improving financial flexibility and optimizing working capital. The arbitration award reflects the strength of our contractual position and reinforces our commitment to protecting stakeholder interests. Together, these developments further strengthen our balance sheet and support our long-term growth strategy."*

### **About SPML Infra Ltd.:**

SPML Infra Limited (CIN: L40106WB1981PLC276372) is a distinguished infrastructure development company with over four decades of expertise across power, water, environment, and technology sectors. With a pan-India presence, SPML has successfully executed over 700 projects, creating critical infrastructure, including drinking water facilities, wastewater treatment, integrated sewerage networks, municipal waste management, power transmission & distribution, substations, rural electrification, and smart city solutions. As India's leading water management company, SPML has contributed immensely to providing clean drinking water to over 50 million people across urban and rural areas. SPML is ranked **14th among the World's Top 50 Private Water Companies** as per **Global Water Intelligence (GWI), London** survey and is recognized as one of **India's 10 Best Infrastructure Companies**. As a publicly listed, ESG-compliant company, SPML Infra continues to drive innovation and growth in India's infrastructure landscape.
